For those of you who have little or no Chinese background but are eager to learn Chinese intensively, we have designed a special summer program to meet your needs. Spend 3 to 6 weeks in the splendid Tamkang University starting with a professional placement test to assign you to the most suitable class. Lectures are held in small classes to ensure teaching quality. Each week consists of a full 20 hours of lectures plus outing on Wednesday. We will also provide a counselor to assist you throughout your stay in Taiwan during the program. Surely you will experience so much fun in learning Chinese. Meals and accommodation are included and the program holding place is at Tamsui campus.

Class Material

Our teaching material “Fun with Chinese” is designed for the Intensive Chinese Language Program and consists of 5 separate levels of difficulty. Its main theme is to introduce daily life in Taiwan, with topics such as ordering food, shopping, culture, etc.

The material emphasizes language structure and function, and will also introduce broader Taiwanese culture. Students will gain skills in Chinese pronunciation and become fluent in simple conversations. They will then be taught to recognize basic characters, phrases and sentence structures. The focus of the advanced level is attaining fluency in spoken Chinese, comprehension and the use of written forms. Culture is touched on in each of the five levels, from topics to do with night market culture to traditional festivals. Users of this textbook are entitled to the complimentary access to its interactive educational website.
